

Kansas Troubles Quilters' Workshop

Supply List - 30-Something

From Layers of Love

KT's layered patchwork technique makes these delightful double stars a breeze to make. We've simplified the traditional piecing and increased the dimensional appeal with raw edge elements stitched on background squares. The result? Blocks that are less bulky and perfectly square with fewer seams and less pressing. It all adds up to a stress free day of quilting!

(4-6) darks - fat 1/8 each

(4-6) tan fat 1/8's

Some quilters choose to use the same tan for all the blocks, or randomly use lights, mediums and darks in each star.
